Petition for banning forced molting of layer hens:

Dear Mr. Jaffe,

I received the Peta magazine today and read the article about the forced molting of layer hens. I cannot tell you how much appalled I was by this kind of treatment. It brought tears to my eyes when I read the material. I want you to know that I am supporting the petition to ban the forced molting of layer hens (docket 98P-0203/CP).

This kind of treatment is very cruel and should be banned immediately.

Thank you for taking your time to read this letter. It is very much appreciated.

Sincerely

Ute Ashton
